Campbell Walsh Urology is very much the journal of choice for urologists, as well as for other physicians who are engaged in the management of the urinary tract. In this issue, we have a number of interesting articles, including an original communication from Turgut Ozturk and colleagues describing the ability to spot a stone in the ureter with a single-port robotic retrograde ureterolithotomy in a swine model. Oct 8, 2019 From Earthly origins to new discoveries in cell biology, the Campbell-Walsh Urology series is the preeminent publication for clinicians in general urology and in particular, in endocrinology, transplantation, oncology, minimally invasive urology, nephrology, sleep medicine, and pediatric urology. 39. Combination of MPL and PUL in the treatment of laryngeal and tracheal strictures by laser. Polsini A, Pfahler T, Ettl DL, Losasso A, Wildner F, Huber D. Experiences with MPL+PUL in three cases of laryngeal and tracheal strictures. Zhurnal meditsinskoi ljecheniya 2014;23(2):36-9. Jun 17, 2019 J Mpea. Pubmed Health 2020;26:2028-35..
